A Reader's Guide to the Newsletters of the
American Research Center in Egypt, Inc.

by William Donovan

The following is an informal index, a reader's guide, to the first 120 Newsletters of the American Research Center in Egypt, Inc. It is not a formal index per se. Rather, it is a serious attempt to record significant listings in the Newsletters while keeping the size of the Reader's Guide reasonable. The purpose of the Reader's Guide, which was compiled over a 21 month period, is to enable everyone interested in Egypt and in the American Research Center in Egypt to better utilize the data printed in the Newsletters, from Number 1 (dated May 15, 1951) to Number 120 (dated Winter 1982).

The compiler wishes to credit Dr. Paul Walker, Ms. Teresa Indiveri, and Ms. Shirley Be for their help during the project. Also, Dr. Nicholas Millet and Dr. Kent Weeks were kind enough to review a preliminary draft of the Reader's Guide.
